

## Health & Safety Director

Copperhead Environmental Consulting, Inc. is a full-service environmental consulting firm established in 2004. Headquartered in the historic village of Paint Lick, Kentucky, we have satellite offices in Lexington, Kentucky; Nashville, Tennessee; Asheville, North Carolina; Fairmont, West Virginia, and Canonsburg, Pennsylvania. Copperhead serves a broad range of clients in need of environmental compliance, from state and federal government to private industry.

Our multidisciplinary team includes aquatic resource managers, wetland specialists, environmental planners, NEPA specialists, aquatic biologists, terrestrial biologists, avian biologists, malacologists, foresters, fixed-winged aircraft pilots, and SCUBA divers. To ensure our clients receive the highest quality services, we remain dedicated and focused in our areas of expertise. Our passion, our enthusiasm for the natural world, and our determination to provide the best environmental services prove it.

We are seeking a **full-time Health & Safety Director** to join our growing family of professional consultants. The Health & Safety Director is responsible for developing and implementing the company's safety program ensuring the company is following all applicable federal, state, local, and client safety regulations and requirements.

### **Responsibilities:**

- Production/revision of written Safety, Health, & Environment (SHE) Program Documents
- Training employees on the program
- Writing project safety plans
- Communicating safety procedures with staff
- Developing training PowerPoints and materials to present to the employee
- Researching OSHA news and new directives
- Managing data on third party programs such as ISN and Premier
- Meeting with management and attending meetings as necessary
- Ordering supplies and checking PPE inventory

### **Qualifications:**

- Bachelor's degree or higher in any of the following fields: Safety, Biology, and/or Chemistry
- 1-3 years of experience is preferred, but willing to train a recent college graduate
- Must be proficient in technical writing
- Must have knowledge of OSHA 1910 and 1926 Regulations, NIOSH, ACGIH, and ANSI standards
- Must have a general understanding of Biologists duties, operation of UTV's, SCUBA, etc.

This is a **full-time** position. Copperhead offers a competitive compensation and benefit package. To apply, please e-mail a cover letter describing your qualifications and interest and a CV or resume to Heather Ballinger at [hballinger@copperheadconsulting.com](mailto:hballinger@copperheadconsulting.com).

Copperhead Consulting is an equal employment opportunity employer and seeks diversity in its workforce. We do not discriminate based upon race, religion, color, national origin, gender, sexual orientation, gender identity, age, status as a protected veteran, status as an individual with a disability, genetic information, ethnic or national origin, marital status, or other statuses protected by law. Candidates must be able to pass a background check and drug test, as applicable for the role.

Thank you for your interest in Copperhead Consulting.
